

## MOVEMENT FOR PEACE

## IMPORTANT STATEMENTS

By Lord Lansdowne on the Question of Arbitration Treaties with the Different European and American Powers  
Looking to a World Wide Peace.

London, November 10.—In the course of his speech at the Lord Mayor's banquet yesterday evening, Lord Lansdowne, in the absence of Premier Balfour, who is ill, said:

"At this auspicious moment I am able to announce to you that not only the peace of the country is unbroken, but so far as I am able to foresee, that there is no reason why it should not remain unbroken. Not only have we had the good fortune to avoid war, but by strict neutrality and wise international arrangement have done something to restrict the area of hostilities. The country, however, has not altogether escaped anxiety in the incident of October 21, in the North Sea. It was an attack on British citizens and an affront to the British flag, which, if intentional, I would rather not contemplate the consequent deplorable and unaccountable blunder, but I am bound to add that recent evidence has satisfied the British Government that the Russian Government believed that the facts were different from what we supposed, and that each party was convinced of the justice of his own cause. Great Britain has adopted the only course in referring the matter to an impartial and independent tribunal." Continuing he said that he had received full expressions of regret, and promises of ample compensation, and a guarantee against the recurrence, with security for neutrals' commerce, and promise of the punishment of the guilty persons. "I am sanguine enough to say," Lord Lansdowne remarked, "that good is likely to come from the struggle in the far east. It is my hope and belief. That terrible war will give a stimulus to existing

desires for some less clumsy and brutal method of adjusting international differences." Only yesterday, the American ambassador, Mr. Choate, asked me if we were prepared to sign a similar treaty with America, and we have also lately been asked by President Roosevelt, to whom we may offer congratulations on his return to power by a vast majority, to participate in a second international peace conference, as it is not better to arrange matters that a dispute shall not arise at all." Lord Lansdowne then referred to the Anglo-French arbitration treaty, and said he hoped it would be adopted by a large majority of the Chamber of Deputies, and that it would be effectual in removing dangerous and difficult questions from international controversy.

Washington, November 9.—Secretary of State of the United States received assurances from Great Britain and Mexico that they stand prepared to negotiate arbitration treaties with America on lines recently concluded between France and the United States.

Baron Sternburg, the German ambassador to the United States, was at the state department to-day, and it is understood that he is prepared to proceed at once with the German treaty. The Italian and Swiss treaties are almost completed, and it is known that a number of countries of central and South America stand ready to enter into similar arrangement with the United States but as a preliminary it is desirable that they should go to the Hague peace conference, under which an arbitration resulting from the arbitration treaties must be tried.

## FIRE IN STRATHCONA

## BUSINESS PORTION OF TOWN

Had a Miraculous Escape from the fire  
Fleed Early this Morning

The town of Strathcona had a miraculous escape from partial destruction by fire early this morning. About half past one o'clock a stable to the rear of the Commercial Hotel was discovered on fire. The alarm was immediately rung in and the Strathcona brigade with their engine quickly turned out. The gasoline engine refused to work and it looked as if it would be impossible to prevent the fire from spreading from the stable to the frame buildings adjoining the Commercial Hotel and had this occurred the whole south side of the Main street from the Imperial bank most undoubtedly would have been burnt out. As soon as it was discovered that the engine would not work, the Edmonton brigade was telephoned for. In the meantime a bucket brigade was organized. Buildings connecting the stable with the hotel were pulled down and the adjoining stores and the hotel were thoroughly drenched with water. The

brigade worked hard and it was soon evident that the fire had been got under control.

The Edmonton fire brigade arrived with their large engine, hose wagon and reels and made splendid time. The fire had been got under control and it was providential that their services were not required for had the fire got started in the adjoining frame block it would have been almost impossible for even both brigades to have got it under control before a great destruction of property had taken place.

The Edmonton fire engine soon had a large stream of water playing on the burning ruins of the building and in a very few minutes had every vestige of fire extinguished. The Strathcona men were pleased at the work of Edmonton's powerful fire engine.

The stable was a frame building twenty-five by twenty. It was burned to the ground and with it a quantity of hay and grain and a sulky. A horse was in the stable at the time and was not loosened until it had been badly scorched with the flames.

The frame block in front of the stable was badly scorched and though it looked at times as if nothing could save it the flames were at last got under control.

The origin of the fire is unknown.

## THE WAR TO-DAY

Chafon, November 8th—Ignoring Lieut. Gen. Stoessel the commander of the Russian military forces at Port Arthur Japanese offered terms of surrender to the Russian soldiers. According to advices leaving Port Dalny yesterday, the ceaseless activity of picks and spades gradually advancing the trenches spells inexorable fate to the watching Russian prisoners captured on Oct. 26th. The soldiers comprising the garrison of Port Arthur are in want and dejected. They see the hopelessness of the struggle. The soldiers, according to the prisoners, see no reason to prolong the resistance. Upon hearing the prisoners' story Gen. Mogi drafted a letter to be circulated among the soldiers themselves, the prisoners having promised to deliver it in mercy to their comrades.

Tokio, November 8th—Reports from Shikoku state both armies are still strengthening their positions along the river. They are busily preparing for another great battle. Scouts are constantly in touch. Frequent out-post skirmishes occur. There is no likelihood of a general engagement for the present. Reinforcements of Russian troops, guns and supplies are constantly arriving at the front filling the gaps caused by the crushing losses at the battle of Shikoku river.

St. Petersburg, November 8th—Foreign Minister Lamsdorf has received through the Charge d'affaires, the American proposal for a second peace conference at the Hague to proceed with the work begun in 1899 especially relating to the rights and duties of neutrals and other questions like the bombardment of undefended coast towns left undecided by the former conference.

St. Petersburg, November 8th.—The Emperor left St. Petersburg this afternoon for Vilna and Poland to bid farewell to the troops. He will be gone a week. A local paper prints a letter reviewing the voyage of the second Pacific squadron in which the statement is made that three torpedo boats seemingly on hostile intent were seen off the Spanish coast during the night of October 26th.

Shanghai, November 8th.—It is reported in British naval circles that a Japanese man-of-war has been sunk by a mine off Port Arthur.

New York, November 8th.—A Berlin dispatch to the New York Times says a circular freely distributed in the Russian army despite strictest control has been received here. It contains the following: "No one going to the war returns. It is better to defend our rights than to shed blood unneeded."

sarily. Workmen must not look on with indifference while our comrades perish."

## H.B.K. BRAND BIG SHIRT

Made big enough for a big man to work in with comfort. Has more material in it than any other brand of shirt in Canada. Made on the H.B.K. scale it requires 39½ to 42 yards per dozen, whereas common shirts have only 32 to 33 yards.

That's the reason why the H.B.K. "Big" Shirt never chafes the armpits, is never tight at the neck or wristbands, is always loose, full and comfortable and wears well.

Each shirt bears a tiny book that tells the whole history of the "Big" Shirt, and also contains a notarial declaration that the H.B.K. "Big" Shirt contains 39½ to 42 yards of material per dozen.

Sold at all dealers but only with this brand:—

THURSDAY, NOVEMBER 10th.

**TERRITORIAL BYE ELECTIONS**

The federal election contest, which has just closed has had an important and somewhat remarkable bearing on what may be called Territorial politics. The Territorial Assembly has thirty-five members. Six seats have recently become vacant by reason of the local members having resigned to become candidates in the federal elections. They are—Brampton, R. Secord; Lacombe, F. Talbot; Moose Jaw, G. M. Annable; Grenfell, R. S. Lake; Yorkton, Dr. Partick; Prince Albert, Thos. McKay. It is reported also that Fisher of Batoche, will resign shortly, making seven vacancies in all. This is a large proportion in a house of 35, and instead of their being filled by bye-elections, Premier Haultain may see fit to bring on a general election.

The position of Territorial politics is very indefinite. We have a Government which holds office on its merits, without regard to parties, either local or federal. Indeed there is no opposition party in the Assembly. The result is that when the Premier decides upon any course his decision defines the position of his colleagues in the Government on the question. And when the Government's position is stated, individual criticism becomes useless, and the individual judgment of the Premier becomes the unanimous expression of the Assembly.

A dictatorship is an ideal form of Government, provided the dictator is an ideal ruler. And no one will say that so far Mr. Haultain has given the Territories other than good government. But even a dictator is subject in a greater or less degree to the influences which surround him. Given a certain set of surrounding influences, and a dictator gives the best of government. Given another set of influences and his government may be the worst.

Until comparatively recently Mr. Haultain kept his administration of North-West affairs free from federal party politics. An avowed Conservative himself, he never was a mere partisan, and did not hesitate to associate with himself in the North West government men of pronounced Liberal views such as (now) Senator Ross, Chief Justice Sifton, and G. H. V. Bulyea. His attention being centered upon the good government of the Territories, the Territories enjoyed good government in a very marked degree. From time to time attempts were made by his party friends to draw him into active alliance with them, so that the Territorial Government might be made a sort of decoy engine of the Federal Conservative party. For years the attempts were without avail. At last, however, at a Territorial Conservative convention held in Moose Jaw early in 1903, and before the parliamentary session of that year, he accepted the presidency of the association and endorsed a resolution passed by it declaring for the introduction of Federal party lines into the government of the Territories. This was very shortly after a general election to the Assembly had taken place, and the conditions were not favorable to giving effect to the resolution. For a count of votes in the Assembly revealed the fact that while Mr. Haultain was supported in respect of Federal party politics,

there were 17 Liberals to 18 Conservatives. With a Conservative speaker in the chair the parties were a tie on the floor of the House. Party government could not be carried on under these conditions, and therefore for the battle cry was not raised as the Moose Jaw convention had directed.

But although the natural instinct of self-preservation prevented Mr. Haultain from publicly taking the action which had been suggested, he still evidently kept the suggestion in mind, and when there seemed opportunity to lay a ground floor for future campaigns to be fought on, he did not fail to accord with the wishes of his friends.

A striking instance of the use of his position and prestige to discredit the favorable attitude of the Federal government towards the Territories was his refusal of the offer of a capital advance of \$250,000 without interest, made distinctly in response to the demands of the Territorial Government itself for the means of securing a capital sum with which large and necessary road and bridge works could be put through without taking from the current revenues of the year. At that time the whole country was crying out in urgent need of just such works as this sum was intended to provide for, and would have provided for. Had the money been used the people would have had the benefit and the Federal government would have received a due amount of credit. Rather than have this occur, he ignored the offer; and there being no organized opposition, individual criticism was ineffective, and the works which were thus provided for remain undone.

This refusal was made on some pretext connected with provincial autonomy, and the question of autonomy itself was pushed forward as a means of arousing political feeling against the Federal government. That this was the main purpose of the premier in his advocacy of autonomy was made amply evident by his recent ineffectual effort to force it to the front to the exclusion of the real issue of the elections—the railway question.

The facts make it evident that whether the bye-elections are brought on, or there is a general election, it will not be the safest course in the country's interests to send down from the vacant constituencies mere supporters of Premier Haultain. This might have been all right when Premier Haultain had a single eye on the well being of the Territories; but when he has chosen to pay so much more attention to the Conservative party interests than to the welfare of the people of the Territories, men should be chosen who will have enough of both independence and ability not to permit Territorial interests to be sacrificed for the interests of a political party. This is not to say that there are not men of independence and ability in the present Assembly; but their associations in the Assembly have been such that they are not yet free to take the course that possibly their best judgment might dictate. Now men would not be subject to any such handicap.

In view of the prospect of provincial autonomy coming up for discussion between the Territorial and Federal Governments at an early date, it is more than ordinarily necessary that the vacancies in the Assembly should be filled by men capable of handling that question from the standpoint of the public interest even though they should be opposed by the great ability and experience of Premier Haultain. We have heard enough from his own lips in this part of the country to show that he looks lightly upon the financial side, but dwells heavily on the power and prestige that would come with provincial organization. To the ordinary settler the financial side—the side which means to him roads and schools or the lack of them—which means high

## LATER RETURNS

## FROM THE UNITED STATES

Give Roosevelt a still Greater Majority. Late Returns From Several States

Boston, Mass., November 9th.—Complete returns to-day show that the Republican presidential election received a plurality of 81,229 in a total vote of 422,825 yesterday.

Milwaukee, Wis., November 9th.—The result of the election in Wisconsin shows that Roosevelt has a plurality of between sixty and seventy-five thousand.

Lafayette, Wash.—Re-elected by a plurality of about 50,000 and that congressional complexion remains unchanged from two years ago, the legislature which is a United States senator to succeed Joseph V. Quarles is largely Republican and the question whether Wisconsin shall have a primary election law has carried by a safe majority. One of the surprises in the election was a big increase in the vote of the Social Democratic party. Four years ago that party polled 4,438 votes in Milwaukee county; two years ago 10,741 and in this election 101,200.

Denver, Colo.—Roosevelt's plurality in Colorado may run about 15,000. Republicans and Democrats claim the election of Governor and Congressmen at large and Republicans threaten to contest the state election on the ground of alleged frauds in Denver. Adams apparently has carried Denver county with 5000 plurality and he appears to have a safe lead over Peabody without this county.

The Republican chairman Farley said Peabody's election by some five or ten thousand is assured.

St. Paul, November 9th.—It is claimed that Roosevelt's majority in Minnesota will run close to 125,000. Estimates made to-day from incomplete returns indicate a 109,000 majority. Republicans elected the entire 9 congressmen and the rest of the state ticket, including the state legislature which is strongly Republican, on the joint ballot.

New York, November 9th.—According to revised returns of the vote in New York state Roosevelt's plurality over Parley is 174,091 and that of Higgins over Herrick 76,822.

## QUARRELING ENDS IN MURDER

Evanson, Wyo., Nov. 8.—Miss Leon Demers was shot in a duel by her neighbor, Mrs. Nadey Richard's and is dead. Several the women had come to blows and each had warned the other that the next encounter would be with guns. Mrs. Demers went to Mrs. Richard's ranch near Fort Bridge. Upon being ordered away she displayed a big revolver. Mrs. Richard had been carrying a weapon in expectation of meeting Mrs. Demers. Mrs. Richard says Mrs. Demers fired first but there was no other witness. At the second shot Mrs. Demers fell with a bullet in her breast but kept on firing emptying her revolver.

## STUDENTS CAUSE DISTURBANCE

St. Petersburg, Nov. 8.—There was a small disturbance at a University here but it was headed in the same rational manner as the one at Kazan Cathedral a few days ago and the whole affair passed off without serious consequence. About 1000 University students divided into two groups, one singing the Russian national anthem and the other the Russian, the police appealed to the latter group to stop. They agreed to if their opponents topped. This was done and the affair ended with a heavy laugh all round.

## THE C. N. R. TIMBER

## FOR THE BATTLEFORD BRIDGE

Has all Reached its Destination Safely and has been taken from the River

## Bulletin Special Despatch.

Battleford, Nov. 9.—All the timber and pile for the C. N. R. bridge and construction work have arrived here, and the raft has been hauled out. The men are now on their way back to Edmonton.

## CONSERVATIVE

## Bulletin Special Despatch.

Qu'Appelle, November 9th.—Lake Conservative, is elected by 16 majority. A mistake was made in reporting a poll which placed Thompson head. The Territories now stand 3 to 3 in favor of the Government, with one election to be held.

## NEW HOTEL AT MORINVILLE

The new Victoria Hotel at Morinville was opened on October 24th. The hotel is a large three story frame building 56 by 33 feet. It is neatly painted outside and in and is well furnished. There are now twelve bedrooms and fourteen more will shortly be added. The proprietor is Omer Gauthier.

## The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following classes:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township, or adjoining or cornering townships.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must substitute 20 head of stock, with sufficient for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres subtenanted.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or homestead inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land timber, coal and mineral laws, as well as respecting Dominion Lands in the Territory held in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

**JAMES A. SMART,**  
Deputy Minister of the Interior,  
N.B.—In addition to Free Grant lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

## THE PLAY

"Don Caesar de Baza," a comedy in four acts by Victor Hugo, held the boards last night in Robertson Hall. This was the last appearance of the Harold Nelson Company on their present tour and is one of the best of Mr. Nelson's lighter plays. From Mephisto to Don Caesar is a long step, but Mr. Nelson took it most successfully, and presented the happy-go-lucky Don Caesar as cleverly last night as he had the embodied fiend the night before. This was the second presentation of Don Caesar by Mr. Nelson in Edmonton, and if possible it showed improvement over the first. The Marquis and Marchioness de Rotunde, William Bake and Miss Foebrook, were very good. Being a comedy the players who organized the laughs naturally had all the best of it, leaving Miss Scott as Maritana the heroine and Clifford Lane Bruce as Don Jo, the villain of the piece, rather in the back ground, although both took their parts most acceptably. The attendance was very good and Mr. Nelson's curtain speech was in his best view. He and his company, and especially the idea to which he plays, will always be welcome in Edmonton.

## Perfect Protection against Northwest Winters

Ordinary underwear is made for ordinary climates. Most makers can't appreciate the intense cold of the Northwest. Their garments are all right for freezing weather, but entirely too light for so to go below zero.

## Stanfield's Unshrinkable Underwear

Is limited in special weights, especially for the severe winters of this section. It's planned by men who know the climate and the people—know exactly what they want—know how to knit it thick enough for warmth, yet not too heavy for comfort.

Best of all—Stanfield's is guaranteed absolutely unshrinkable. All sizes to perfectly fit every figure. Leading dealers throughout the west sell Stanfield's.

STANFIELD & CO., WINNIPEG Distributors for the West

## GILLET'S PURE POWDERED LYE

Ready for Use in Any Quantity. Forming SOAP, softening water, removing old paint, disinfecting sinks, closets and drains and for many other purposes. A can equals 20 pounds of Soda.

SOLD EVERYWHERE. E.W. GILLETT COMPANY LIMITED TORONTO, ONT.

## THE GUM REMOVED

THE microscope shows each leaf of tobacco is covered with long soft hairs which exude a viscid juice.

This is called the gum, and it covers the surface with a moist glutinous exudation.

Tobacco, to be good, must have all this gum driven out.

In Manicargua I procure tobacco that has all this gum "sweated" by the natural heat of the climate.

Only the dry, well matured leaf remains—the leaf that when I age for three years will give a cool, fragrant smoke—odorless and aromatic—that's the characteristic odor of my Pharaoh.

James Gayles, LIMITED GRANBY, P.Q.

None genuine unless branded PHA-RO

## ROOSEVELT SWEEPS

## THE UNITED STATES

is returned to power with a largely increased majority in all parts of the country.

The United States has declared strongly for Roosevelt. The election returns were received in Edmonton at W. H. Conger's office, and at the Grand Central Hotel, where there were large crowds. The following are the returns as received:

New York, November 8.—The evening democratic papers concede New York State to Roosevelt. As far as heard from he is running away ahead of McKinley's vote in 1900.

Roosevelt will carry New York state by plurality estimated at two hundred thousand. McKinley's plurality in 1900 was 143,000. Illinois has gone republican by a big plurality. Mayor Harrison, of Chicago, says it is a landslide for Roosevelt. Higgins, republican, has been elected as Governor of New York by a large plurality of over 100,000. Roosevelt will carry the state of Illinois by 140,000 plurality.

It is estimated that Michigan will give Roosevelt 100,000 plurality. The New Haven Register claims Connecticut by 20,000 plurality for Roosevelt, and the election of Robert F. Republican for Governor, by the same figures.

The state of Vermont will give a large plurality for Roosevelt. His election in this state is assured. New Jersey will give Roosevelt a large plurality. He is running away ahead of the McKinley vote in 1900.

Wyoming is conceded by the Democrats to have gone for Teddy by a large majority. Roosevelt has carried Delaware by about 5,000, and the Republicans elected their governor and congressman. The legislature will be overwhelmingly Republican. The Republican chairman has issued a statement that Indiana has gone Republican by 40,000. New York state goes Republican by about 225,000. Missouri reports a landslide for the Republicans. Roosevelt will run ahead of the state ticket. Arkansas all Democratic candidates for Congress elected. Texas—early returns show that the vote cast to-day will hardly exceed 375,000, of which 250,000 were cast for Parker and 60,000 for Roosevelt. All Democratic candidates for Congress were elected in Texas. Ohio will give the Republicans a plurality of over 100,000. Georgia has elected all Democratic Congressmen.

St. Paul, Minn., November 8.—Scattering returns from various points in Minnesota show that Roosevelt is running strongly ahead of the majority vote of 1900. This plurality will likely be 75,000 to 100,000. The Globe at 9:30 to-night says that Douglas, Democrat, is elected Governor, by a plurality of 25,000, and that Roosevelt has carried Massachusetts by 60,000.

Omaha, Neb., November 8.—Morning reports received up to 7:45 show gains for Roosevelt, but indicate a Republican loss for Governor.

E. C. Stokes, Republican nominee for Governor of New Jersey, will be elected by at least 25,000. A special from San Francisco says that California will give Teddy 35,000 plurality. The majority in Illinois for Teddy will not be less than 100,000.

Detroit, Mich., November 8.—The Republican state committee announced that from returns received, Michigan will give Teddy from 125,000 to 135,000 plurality.

Wilmington, Del., November 9.—The Republicans claim that they will have forty of the fifty members of the legislature in joint ballot. Early returns from all parts of New Jersey indicate that Roosevelt has carried the state by a much larger majority than that of McKinley in 1900, which was 55,000 over Bryan.

Republican congressmen appear to be elected. The democrats carry two congressional districts. The state senate and state assembly will remain Republican.

Philadelphia, November 8.—The Republican state chairman said to-night "My advices from all parts of the state indicate that the plurality of 325,000, which we claimed, will be exceeded."

Wheeling, Va., November 8.—This state shows a five per cent gain over 1900 for Roosevelt. Very few returns received. Davison for Governor runs ahead of ticket. New Orleans Democrats have carried Louisiana for Parker and Davis by a plurality of probably 35,000. Seven Democratic congressmen have been elected.

Sioux Falls, S. D.—Senator Killbridge claims that Teddy has carried South Dakota by 45,000.

Washington.—The indications are that the Republicans will have a majority in the next House of Representatives of 40 or upwards.

New York, November 8.—Later returns from up the state show little change in the heavy Roosevelt plurality. With little more than half of the districts heard from, Roosevelt was 125,000 ahead of Parker. In those districts Teddy's vote was 20,000 more than McKinley's in 1900, and Parker's was 10,000 smaller than Bryan's.

Denver, Colorado.—The chairman of the Republican state committee states that Roosevelt has certainly carried the state, and that Governor Penbody is safe.

New York, November 8.—From returns at hand the electoral vote stands as follows:

For Roosevelt, California, 10; Connecticut, 7; Delaware, 3; Illinois, 27; Indiana, 15; Iowa, 15; Kansas, 10; Maine, 5; Massachusetts, 16; Michigan, 14; Minnesota, 11; Nebraska, 6; New Hampshire, 4; New York, 39; New Jersey, 12; North Dakota, 4; Vermont, 4; Washington, 5; Wisconsin, 13; Wyoming, 3. Total, 293.

For Parker—Alabama, 11; Arkansas, 9; Florida, 5; Georgia, 13; Kentucky, 13; Louisiana, 2; Mississippi, 10; Missouri, 18; North Carolina, 12; South Carolina, 9; Tennessee, 18; Virginia, 12. Total, 151.

Doubtful, California; not heard from, Colorado, 5; Idaho, 3; Maryland, 8; Montana, 3; Nevada, 3; Utah, 3; West Virginia, 7; Total, 32. Necessary to elect, 239.

Washington, November 8.—President Roosevelt has issued a formal statement in which he announces that he will not be a candidate for another term.

Baltimore.—Chairman Hanna of the Republican state committee claims that Maryland has undoubtedly gone Republican. Official returns from the counties are still meagre. The result is close.

Omaha.—Returns come in slowly from both city and state. Outside returns are similar and with the present ratio will be a Republican loss on the state ticket. Geo. W. Berger, Fusionist, will be elected Governor. The Republican state committee retains the state for Roosevelt for 50,000.

Salt Lake City, Utah.—The heaviest vote ever polled is reported. It is conceded that Roosevelt has carried the state by 8,000 plurality.

Chicago.—The Chairman of the Illinois Republican committee made the statement: "Illinois has given Roosevelt an unparalleled plurality. The returns indicate that he will carry the state by 200,000. Mr. Dinsden, Republican, is elected Governor by the greatest plurality in the history of Illinois. The Republicans have elected 19 congressmen against two."

Washington, November 8.—President Roosevelt to-night, after the election returns clearly indicated the result, issued the following statement: "I am deeply sensible of the honor done me by the American people in thus expressing their confidence in what I have done and have tried to do. I appreciate to the full

## TERRITORIAL BYE ELECTIONS

Continued from page 3.

taxation, or low taxation—by the important side. The power and prestige of provincial as compared with territorial government appeals no doubt to those who would, or might hope to administer the power or share in the prestige. And these are all very well in their way; provided they are not attained at the loss of those who must pay directly for the power and prestige, but whose share in them is most indirect and indefinite. This is a time above all others when we want in the Assembly men of the best ability and most sterling character, and holding the views that are in accord with the interests of the vast majority of the people, especially on this important question of provincial autonomy.

## CORRECTION

In yesterday's editorial mention of the results of the election, Mr. Blair was given credit for a loss of two seats to the Government in New Brunswick, that of St. John City and County. Offsetting this is the return of Loggie, Liberal, in Northumberland, over Robinson, Conservative, and of Cornell, Liberal in Carlton, over Hale, Conservative. The province therefore stands as it did before, except that the Liberal constituency of Albert is merged in the new Conservative constituency of Kings and Albert.

### HAVE YOU SEEN

Those new Vases in our Crockery Department. They are selling rapidly and if you wish to take advantage of these bargains you must come early.

# REVILLON BROTHERS STORES.

## ROOSEVELT SWEEPS

Continued from page 6.

the solemn responsibility this confidence imposes upon me, and shall do all that in my power lies not to forfeit it. On the 4th of March next shall have served three and a half years, and this three and a half years constitutes my first. The wise custom which limits the president to two terms regards the substance and the form. Under no circumstances will I be a candidate or accept another nomination."

St. Paul, Minn.—As returns come in more freely it is apparent that Roosevelt's plurality will be over 100,000. Johnston, Democrat, for governor, is leading Dunn, Republican by a substantial majority, and seems likely to be elected.

Chicago.—The state chairman of California wired secretary Dover as follows: "California will give Teddy 75,000 plurality and all the congressmen will be Republican. Chairman Fairlie of Colorado wired: "Roosevelt and Peabody will probably carry Colorado."

Providence, R. I.—To-night 38 districts in Rhode Island for president gave Parker 3,713 and Roosevelt 2,767.

Lincoln, Neb.—A copy of Alton B. Parker's message of congratulation to President Roosevelt was shown to W. J. Bryan this evening. Mr. Bryan said it was too early to comment on the result and declined to make any statement.

Philadelphia.—The Republicans have made an almost complete sweep in Pennsylvania, carrying the state for Roosevelt by over 300,000, and electing 25 of the 28 senators, and 29 of the 32 congressmen. They have also elected about 17% of the 1901 members

of the House of Representatives. This gives them control of both branches of legislature by a large majority.

Raleigh, N. C.—There is hardly any doubt that all ten Democratic congressmen have been elected. Only two mount in districts are in doubt. These the Republicans do not concede and it will take a long day to know absolutely. The Democratic majority in the state appears to be about 500,000.

Jacksonville, Florida.—The few scattered returns so far received indicate the usual Democratic majorities in Florida. The Republican candidates for congressmen are all elected.

Richmond, Va.—The Democratic majority on the Presidential ticket in Virginia will be about 25,000. Nine Democratic congressmen out of a total of ten have been elected.

Jackson, Miss.—The Democratic majority for Parker in Missouri will be about 50,000. Missouri returns about eight congressmen.

Newhaven, Conn.—Returns from 188 towns indicate that President Roosevelt swept the state. His plurality is estimated at about 250,000. The entire Republican state ticket was also elected by a large majority.

New York.—The chairman of the Republican national committee announced shortly before eleven o'clock that President Roosevelt will have at least 304 votes in the electoral college.

Baltimore.—Returns from the city and state are not complete, but it is apparent from reports so far received that the vote in Maryland is close, and the actual result may not be known to-night.

New York.—Delaney, Nicholl, vice-chairman of the Democratic national

committee made the following statement: "The President has unquestionably carried all the doubtful states and is elected."

Boston.—Sufficient returns from the state elections received up to ten o'clock last night indicate the election of Douglas, Democratic Governor, by almost 20,000 plurality.

New York.—Up to ten o'clock last night Roosevelt had 293 votes in the electoral college, and Parker 251. Necessary to elect, 239.

Nashville, Tenn.—Early returns indicate an estimated Democratic plurality of 25,000.

Chicago, Ill.—The indications are that the Republican national ticket had carried Illinois, by about 150,000.

Milwaukee.—At ten o'clock last night only scoring returns were received from the elections in Wisconsin. The state is conceded to Teddy by a large plurality, and La Follette, Republican, is believed to have been elected governor by a safe plurality.

Butte, Mont.—The count is proceeding slowly throughout the state. The figures already indicate that the state will go for Roosevelt.

New York.—The latest returns indicate that Roosevelt's plurality in New York is about 185,000. Last night Chairman Babcock, of the Republican congressional campaign committee said that the returns indicated that the House of Representatives would have a majority of 50 for the Republicans.

The returns from the west are still very meagre, and he based his calculations upon the districts that he believes are assured Republican. Of the gain in the east, there are six in New York, two in New Jersey, and one in Massachusetts.

## The Gameron Coal Mine...

EDMONTON

Is now prepared to receive orders for delivery. Every load is weighed on the

Town Scales.

You only have to pay for what you get and you get what you pay for. Phone 259

## PERSONAL

—This time last year the ice was running thick in the river.

—An adjourned meeting of the city council will be held this evening.

—Queen's avenue has been gravelled for several blocks north from Race street.

—Thin flakes of ice were floating in the river this morning—the first time this season.

—A sidewalk is being built on the south side of 14th street from Queen's avenue to McDougall street.

—A sidewalk has been constructed along the west side of Seventh street from Jasper to Victoria avenues.

—The old scales on the hay market have been removed, and excavating is in progress for the installation of the new scales of increased capacity.

—H. P. Hobson, Edmonton, left this morning for Big Island, up the river, accompanied by W. P. Wood, of Portland, Ore., and Geo. E. Keith, of Toronto.

—A trapping and prospecting party consisting of W. P. Drew, Jimmie McLaughlin and Chris. Peterson left this morning for the mountains. They expect to be away for four or five months, and will hunt and trap during the winter, and prospect in the spring. They will head towards Pine Pass.

## COMMITTED FOR TRIAL

Magistrate Stuart Wade last evening committed G. Marionowski, John Spaul and K. Klombies for trial on a charge of murder. These are the three men who were arrested in Klombies' blacksmith shop, Leduc, on Halloween night when A. V. Reid was killed. They appeared before Chief Justice Sifton this morning who remanded them until Tuesday, the 22nd.

## FROM LLOYDMINSTER

A. Tate returned on Tuesday from Lloydminster. He left Edmonton on October 11th as pilot of D. Irwin's two snows loaded with furniture for the new King Edward hotel at Lloydminster. Although the water was very low they reached Paradis Crossing on their 8th day, and reached Howett's (the Lloydminster landing) on their 17th day. The Snake and Crooked rapids were especially difficult and could not have been passed had extra men not been available. One of these rapids had a sheer drop of a couple of feet, owing to low water, something of which the pilots had never heard before.

Mr. Scott, of Hall, Scott & Co., Lloydminster, was found a short distance beyond Victoria with five snows loaded with merchandise. They did not get through. At Paradis Crossing they caught up with five snows loaded for Miller B. Co., of Lloydminster, and carrying part of the furnishings for Mr. Irwin's hotel, which he expected would be in place in the building at Lloydminster by that time.

The snows were lightened by portions of the freight being discharged there and the snows went on almost without loads, carrying chiefly the furnishings for the hotel.

Lloydminster seems to be flourishing, there are about 70 buildings, including several large stores. There is a scarcity of water in the town, as it depends on wells for its supply.

It is a prohibition town, intoxicants are not sold there.

The railway grade east of Lloydminster is nearly completed and most of the outfits have moved westward along the grade towards Vegreville.

## Dissolution of Partnership

THE PARTNERSHIP heretofore existing between J. D. Blaney and Harry Halladay, of the Edmonton Marble and Granite Co., has this day been dissolved by mutual consent. The business in the future will be conducted by J. D. Blaney, to whom all accounts due the firm shall be paid, and by whom all debts of the said firm will be settled.

Signed—J. D. BLANEY,  
HARRY HALLADAY.
